physical endurance when long ses-

At Gramling's Bakery.

The rich, creamy cakes and splen-
demon pie that the Gazette-News
has feasted on this week were just
from the oven of the Gramling bake-
when partaken of by us, and
fit for the gods. They could
be surpassed by the most famous
French chefs, indeed if they could
be equalled, and we extend un-
bounded thanks to Mr. and Mrs.
Gramling for kindly remembrance.

Don't forget Gramling's Bakery,
two doors north of the News office.

Hon. A. S. Mann, state and na-
tional good roads organizer, having
received assurances of national co-
operation and assistance, feels con-
fident that the East Coast hard road,
beginning at Jacksonville and ex-
tending to Miami, will be built to
Daytona in time for the next tourist
season business and the Ormond-
Daytona automobile race meet. He
truthfully says that "no road at this
time is so important to the future
of this state."

lar books—can be found at Clark's.

It is asserted that the sandstone
bank being made by the Bond Sand-
stone Company at Lake Helen can
be placed in a tub of water over
night, taken out the next morning,
and a 20-penny nail driven to the
end in the hardest of timber with-
out injury to the brick. So
is this brick that water has no
effect on it. These bricks are becom-
ing very popular in Daytona, judg-
ing from the number being used for
sanitary purposes hereabouts.

Volusia county and the State, it is
will be quite a factor in the or-
ganization of the next legislature,

ing ones. The Major knows every
important and influential person in

friends and very likely to vote the
wishes. Who he will throw
weight of his influence to has
not developed.

completed.

her home at Fitzgerald, Ga., after a
pleasant visit to her friend, Mrs. G.
H. Holland, at Goodall. She is in-
fatuated and charmed with Daytona
to such a degree that she expects to
spend the coming winter season here.

Mr. and Mrs. George A. Foye met
with an accident on the beach last
Sunday that to say the least was un-
pleasant. They were driving a spiri-
ted horse harnessed to a runabout,
and in making a sudden turn the
vehicle was overturned, emptying
the occupants out on the beach.
Luckily no injuries were sustained.

Note the changes elsewhere in the
Gazette-News of the advertisements
of those enterprising and reliable
mercantile houses, the Gruber-Morris
Hardware Company and The Globe;
likewise the new ad. of R. L. Smith.
These progressive business houses

ducements that will make it to your
interest to bestow it upon them.

J. E. Rush, proprietor of the T-
Pot Grocery, is back from the North
with his family. During their ab-
sence from Daytona the family circle
was enlarged by the advent of a
bright-eyed, chubby, little girl,
which adds untold joys and happi-
ness to the proud father and mother.
Mr. Rush's legions of customers will
be gratified to learn that he will re-
sume the grocery business later on
a more extensive scale than ever be-
fore.

The Daytona city council was in
regular session last Monday night.

Judge McCrory, of DeLand, was
looking after legal matters in Day-
tona Friday.

The Thursday afternoon picnics at
Keating's pavilion have been discon-
tinued for the summer.

I hereby give notice that I will
apply to the City Council at its meet-
ing September 12 for permission to
enlarge the boat house at the foot of
Orange avenue. T. L. Rodgers.

Mr. Heston, of Palatka, died very
suddenly at his home in that place
this morning. The deceased was the
father of Claud and Hallie
Heston, of Daytona, and the sympa-
thies of their many friends are ex-
tended to them in their hour of sore
affliction.

The concert and operette given at
Keating's pavilion Thursday for the
benefit of the cemetery fund was
well attended and a considerable
sum was added to the exchequer of
the cemetery association. Every
number on the program was well
rendered and heartily enjoyed.

Both the carpentering and paint-
ing work on the massive and impos-
ing Ormond Hotel is being advanced
as rapidly as conditions will admit
of. The structure is now receiving
its second coat of paint. The trim-
mings for the door casings will be
of East Coast yellow, green for the
blinds and white for the window
casings, which blending of colors
will add much to the attractiveness
of the building. When finished the
hotel will present a very pretty ap-
pearance.

Rank weeds, thistles and thorns
abound in such luxuriant growth
in the First avenue parkage that the
so-called sidewalk does not approach
the dignity of a cowpath through
the swamp jungles. "Weeds to the
right, weeds to the left, into the jaws
of weeds!" is the condition prevail-
ing in that locality. These weeds
are the abode of snakes, hobgoblins,
insects, etc., and they should be re-
moved instantly. The roadway for
vehicles has been placed in good con-
dition by the street force during the
past week, and it is up to somebody
to destroy the weeds.

The M. E. church has been under-
going extensive internal improve-
ments for some time and many more
are in contemplation in the near fu-
ture in the way of rich carpeting and
other ways. Rev. J. R. Troxel, not
to be outdone by the spirit of im-
provement which pervades the lady
members of his congregation, has
donned his overalls and may be seen
daily beautifying the exterior of the
church and parsonage with a coat of
fresh paint. Mr. Troxel is an en-
ergetic worker in the material world
as well as an efficient and faithful
expounder of God's holy word.

An Enjoyable Smoker.

The "smoker" given to the mem-
bers of Company K and a few of
their intimate friends last Saturday
evening by W. M. Hankins was a
thoroughly enjoyable affair. After
a short drill by the company, which
was marked by much precision and
credit under the leadership of Capt.
Parkinson, tables were spread and
all sat down to a tempting lunch,
which, judging from the zest with
which everybody seemed imbued,
touched the right spot and was rel-
ished to the highest degree by the
partakers.

After the repast cigars were pro-
duced and passed and Captain Par-
kinson as toastmaster called on the
visitors for remarks. Responses
were made by Alderman Henry
Schmidt, Major Bingham, Lieutenant
C. L. Smith, John Bratt, W. M. Han-
kins, Will H. Stevens of the Journal
and George F. Crouch of the Gaz-
ette-News.

Soon after the company dispersed
after tendering Mr. Hankins their
heartly thanks for his generous hos-
pitality in providing so profusely for
the wants of the inner man.

The members of Company K have
been drilling very industriously the
past week and will go to the St.
Augustine State encampment in
first-class shape. Last Sunday after-
noon they had a street drill and tent
pitching exercise and proved them-
selves adepts in these martial works
by the manner in which the eval-
uations were executed. Tomorrow
afternoon they will have guard
mount and dress parade. The com-
pany will go into camp fifty strong,
and that they will cover themselves
with glory on the tented field is a
foregone conclusion.

Herald.

Orlando and Daytona Clay Road.

Orlando having no direct rail con-
nection with Daytona, and there be-
ing none in sight, the Orlando Board
of Trade has taken up the matter of
building a clay road from that place
to the East Coast. The Orange
county board of commissioners has
appointed H. H. Dickson to confer
with other towns interested along
the proposed road, especially with
the authorities of Daytona and Volu-
sua county, to secure their aid and
co-operation in constructing the pro-
jected road. Mr. Dickson is a suc-
cessful and substantial grocer of
Orlando, and is an active and en-
ergetic worker in all matters pertain-
ing to public improvements. The
Gazette-News rounder has known
Henry Dickson for 34 years, and that
is a sufficient length of time to know
whereof he speaks.
